GNCC Capital, Inc. Files Its Second Quarterly Report

NEW YORK, NY, May 14, 2012 (MARKETWIRE via COMTEX) – GNCC Capital, Inc. (PINKSHEETS: GNCP) ("the Company") has filed its Quarterly Report for the three months ended March 31, 2012. A full copy of the report may be downloaded here: <http://www.otcmarkets.com/financialReportViewer?symbol=GNCP&id=81191>.

The company recorded a loss of \$0.0015 per share in the second quarter ended March 31, 2012 compared to a loss of \$0.0013 per share in the first quarter ended December 31, 2011.

The company's management expect losses in the third quarter ending June 30, 2012 and for the fiscal year ending September 30, 2012 to be substantially higher due to accelerated exploration expenses, which are expensed, not capitalized, the retaining of at least one full-time Geologist and fairly substantial costs associated with the raising of the Company's profile in the investment community. The company has contractual commitments totaling \$180,000 in exploration charges on its properties for the Third Quarter ending June 30, 2012. These losses are normal, expected and are within our stated business model for this fiscal year whilst we remain an Exploration Stage Company.

Shareholders are reminded that the Company's website is currently being completely redesigned and content updated in order to better reflect our portfolio of properties, our corporate plans and developments. Once it is completed, stockholders will be advised through a press release.
